OFFICERS TO HAVE BETTER QUARTERS

After his conversation with Colonel McClellan on military matters, the Secretary of War directed that two more companies of infantry be sent to Honolulu to complete the battalion commanded by Major Van Vliet, 10th Infantry. These companies will temporarily take station at Camp McKinley.

The Secretary also ordered that money be allotted to Camp McKinley to make the officers' quarters there more comfortable.

This is a great maritime town, but of all the ships that come and all the ships that go, there is not one that carries a more precious cargo than the little schooners that ply to and fro over the CRITERION bar.

They are laden with beer which, treated by the CRITERION'S special process, cannot be equalled for invigorating quality anywhere in town.

VISITOR'S IMPRESSIONS.

Guthrie McConnell, M. D., of St. Louis, Mo., gives the Hawaii Promotion Committee these impressions of the volcano:

"Two years ago I visited the volcano, and, although it was not active, I felt fully repaid. This time, after seeing the masses of molten lava, I feel that anyone who has the opportunity of visiting Kilauea and does not take advantage of it has missed a most wonderful sight. It is, indeed, worth going thousands of miles to see such a magnificent exhibition of nature."

A DOUBLE WEDDING

The mountain home of Mr. and Mrs. Ahmi will be the scene of unusual gaiety on the twenty-second of this month. Mr. Sen Chong, son, and Miss Har, daughter, of Mr. and Mrs. Ahmi, are the cause of all these elaborate preparations which are being made for this festive occasion. Mr. Chong will take unto himself as wife Miss K. S. Wong and Young Kat Hing will look after the future welfare of Miss Har. The parents of the young people, as well as the brides and grooms, are well known in Chinese circles.—Maui News.

CROWDS AT THE ZOO.

The Zoo attracted the usual large Sunday crowd yesterday. The two cars on the Wai'alae line were well filled on each trip. The Zoo features were well patronized, the monkeys and bears coming in for the most attention, not only of the little ones, but the adults also. The orchestra had its innings in winning favor from the crowd.

LOCAL BREVITIES.

Down in Honolulu the home rule candidate was badly defeated, which is not hard to account for when it is understood that his name is Poopoo.—News Letter.

There will be a rehearsal of the ladies chorus of "The Serenade" at Elks' Hall this afternoon at 2:30 o'clock. The gentlemen's chorus will meet at the same place at 7:30 p.m.

Mrs. L. G. Blackman departs for Europe by the Alameda next Wednesday. She will proceed direct to Paris, and after placing her daughter in school will return to Honolulu in about six months.

The Hawaiian band will give concerts this week as follows: Tonight at Emma Square; Tuesday evening at the Young Hotel; Wednesday evening at Thomas Square; Thursday evening at the Moana Hotel.

OUR SIDE INDUSTRIES.

On several occasions the News has mentioned editorially and in the news columns various industries which have sprung up from time to time and which not only enhance the commercial value of our island, but gives employment to the poor class. In the case of the Haiku Fruit and Packing Co. it not only employs many hands in the factory, making cans and boxes, and in the preserving of its product, but affords a lucrative livelihood to our residents. The samples of pines exhibited this week are good, not exceptional specimens of the fruit grown at Haiku and used as the canned article. It is no wonder, nor nothing extraordinary, that this fruit should have an unlimited demand on the Pacific coast. It has been said that the sugar loaf or smooth Cayenne grown on the Hawaiian Islands are far superior in flavor to the same species grown in Florida or Ceylon, and surely those grown at Haiku bear out the allegation. What has been made possible in pines is equally possible in rubber, sisal, etc.—Maui News.

SOMEWHAT MYSTERIOUS.

CHICAGO, July 8.—Leverett L. Hull, wealthy, and a member of the firm of Hull & Co., coal and coke dealers, was found dead in his room today at the Union Club, where he had lived for the last ten years. Dr. W. A. D. Montgomery thinks Mr. Hull died of heart disease. A bottle containing corrosive sublimate was found in the room, but Mr. Hull's friends place no credence in a theory of suicide. Dr. Montgomery said he had prescribed corrosive sublimate as a lotion for an affection of the skin, a disease that had annoyed Mr. Hull for some time.
